

Inspired by Art

Imagine and create a project inspired by art with OctoStudio!

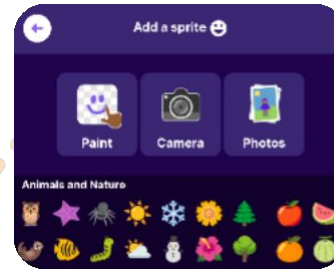

What is an artist or type of art that you enjoy?

Let's Create!

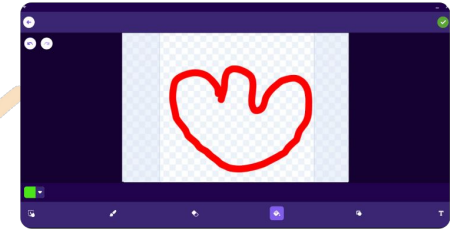

Add a sprite 😊

Add an object, shape or character as a sprite in OctoStudio

You can take a **photo**, **draw** or **select** from the library

When using Paint, use your finger to draw and fill in shapes

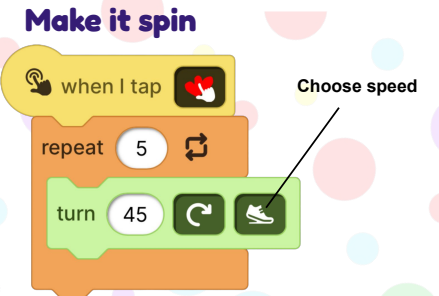

Add a backdrop 🖼️

You can take a photo or choose an image or other backdrop.

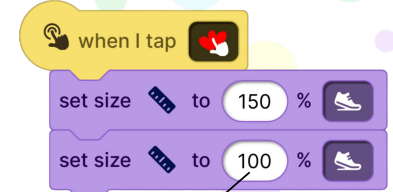

Animate! 🎬

What will your sprite do?
Use coding blocks to add motion, sound and more!

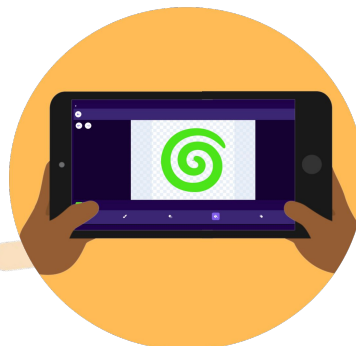

Grow and shrink

Share ↗️

Send your project as video, GIF, or OctoStudio file

Keep creating ➕

Add another sprite or sound. You can also create a frame with craft materials to bridge your digital project to the physical world.
